

Sticklers™ Pro360^o™ Touchless Cleaner Kit

An industry first portable device that incorporates best-in-class benefits to spray a high purity solvent onto an end face for non-contact cleaning. The spray is followed by an air burst causing a Coanda effect allowing the process to clean 360° of the ferrule end face surface to the edge.

Product Features:

- Touchless cleaning eliminates static and scratching
- Full end face 360° clean prevents migratory residues and particulate from getting near the core
- One device with adapters cleans various connector sizes: 1.25mm and high density, 2.5mm, MTP/MPO, 1.6mm, 2.0mm
- One button activation delivers a micro-dose of atomised cleaning fluid inside a narrow column of pressurized air onto a fibre optic connector end face to the ferrule edge
- Easy activation reduces technician fatigue
- One cleaning tool for a host of fibre cleaning applications
- One compact device for field portability (battery) or AC line-powered for in-house, high-volume use

Part Number: MCC-P360FK

Kit Contains:

| DESCRIPTION | QUANTITY |
|---|----------|
| Sticklers™ Pro360™ 2.5 Touchless Cleaner Tool | 1 |
| Rechargeable Battery | 2 |
| Battery Charger with A/C Power Supply and International Adapter | 1 |
| Cleaning Fluid Cartridge (2000+ cleans) | 1 |
| Adapter Tip, 1.25mm (for LC, MU) | 1 |
| Adapter Tip, 2.5mm (for SC, ST, FC, E2000, Optitip) | 1 |
